

# New Membership Form 2019

YES!! I would like to join the National Museum of Women in the Arts and the local Greater Kansas City Area Committee. In order to join the Greater Kansas City Area Committee of NMWA, one must also join the parent organization, the National Museum of Women in the Arts (Washington, DC).

Membership in the local Committee is renewable on a calendar-year basis, January-December. Initially both membership checks are to be sent to the Local Committee. After the first year, both the local Committee and the National Museum will send separate renewal notices directly to members. The National Museum renews members in the month in which they joined.
